Health Advisory
Committees**

**Bringing the Voice
of Communities
to Achieve
Better Health**

Our Role

Everything we do is about improving the health and wellness of our communities. We are focused on listening to your thoughts and ideas on health services to help Sunrise Health Region (SHR) enhance better health locally and regionally. Community Health Advisory Committees were established in 2009 under *the Regional Health Authorities Act*.

Our objective is to:

Engage residents of the communities where we live in dialogue about local health issues.

Provide an ongoing opportunity for community members to share their thoughts and provide suggestions to address important issues that impact the health of SHR communities.

Promote opportunities for members of our local communities to get engaged in better health outcomes.

Communities in the Health Region

Community Health Advisory Committee (CHAC) members participate in interactive sessions throughout the year. The input of CHAC members will inspire the future direction of better health. CHAC represents the diversity of people served by the region because of age, ethnicity, interests, and background.

Community Engagement

Engaging people at the local level to promote better health is the goal of Community Health Advisory Committees.

CHAC members are volunteers who play an important role in connecting health services with communities across our region.

Continuing to draw on community members for feedback and input will help Sunrise Health Region provide a patient-focused, quality health system that is accessible and sustainable for all residents.

Are you interested in getting involved?

We are looking for people who have a broad interest in health and the factors that impact on the health of communities.

We are looking for people from a wide range of employment backgrounds (including people who aren't working and students) and of different ages, cultural backgrounds and perspectives.

Sunrise Health Region employees and physicians practicing in the SHR are not eligible for CHAC membership.
